

Asset Alliance Group ('AAG' or 'the Company') Environmental Statement

Asset Alliance Group recognises the importance of environmental protection and will comply with all environmental legislation, regulations and appropriate codes of practice relating to the processes and activities of the Company.

It is the Company's objective to co-operate and maintain good relations with all regulatory authorities.

It is the declared policy of the Company to carry out all reasonably practicable measures to continually improve its environmental performance.

Wherever possible, the Company aims to:

- assess the environmental impacts of the Company's activities during the buying, selling, rental and leasing of its assets;
- reduce the amount of waste produced;
- reduce the consumption of raw materials, water and fuels;
- reduce and/or limit the discharge of pollutants to water, land and air;
- use recyclable and renewable materials in place of virgin products where possible;
- limit the noise in and around its sites; and
- lessen the risk to employees and members of the public from activities associated with the company.

AAG will foster environmental awareness and understanding in all employees, suppliers, customers and other stakeholders. Where practicable, the company will provide information and assistance to customers on environmental issues arising from its products and services.

The AAG full and formal, internal Environmental Management Policy can be made available upon request. Our policy fully aligns with the Arbuthnot Latham policy (of whom AAG is a subsidiary) and was last updated on 20th March 2023.
